DESIGNS

I create each piece to be something that will decorate a home or lifestyle with a modern boho aesthetic with a hint of vintage elements. As a nature lover, I only work with materials that are 100% natural to ensure each piece is biodegradable or recyclable, making the smallest impact on the environment possible. Each piece is one of a kind, made as an individual with its own characteristics. Some are simple, while others are more ornate. Wall hangings, hanging planters, key chains, and more. No matter your style or needs, there is something for every kind of macramé lover.
